

## SHIRT BOARD COVER

0

US. PAT# D612,073

Fold up

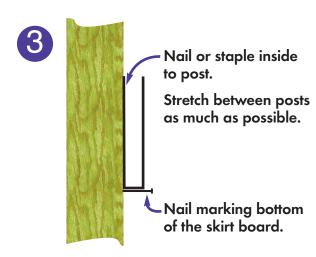

Example - 2 x 8 plasti-skirt cover size

7 1/4 " 1 9/16 " 7 1/4 "

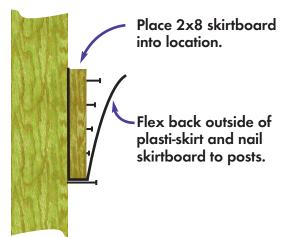

.045 thickness

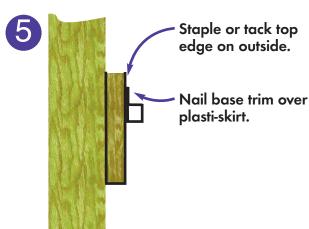

Form desired length into channel to fit skirtboard. Top edges should touch if possible.

- Plasti-Skirt is a heavy duty U-shaped plastic cover for skirt boards in post frame construction.
- Protects the vital skirt board from ground contact, concrete, moisture, etc.
- Provides a positive barrier between corrosive treated woods and metal trims and siding.
- Use with Plasti-Sleeve post protection for the total protection package.
